

My son Steven and I, Barbara Griffin would like to thank the "Concerned Family" for providing us shelter when we had no other place to go. THANK YOU!!!!

You provided us with so many things that it was just so overwhelming. Just to name a few things. We had 3 healthy meals a day, plus snacks. Entertainment was provided for our children. Such as field trips, football ball games and even T.V time to play their video games.

Steven's transportation was provided for Riverside, where he attended school, which by the way he did pass.

Spiritual and Personal Counseling was offered when needed.

Praise the Lord. I had a special day to do my laundry, at no charge. Clothing was provided for my growing son. His gym clothes, shoes, socks and underwear was given to him when he out grew the other things. THANK YOU!!! Thank You! Thank You!

Parenting classes, nutrition classes, anger management, health classes right along with the safety classes, was offered which I ~~did~~ ^{did} benefit from every class. There was so many things I learned from each and every class that will ~~and~~ ^{now} benefit me in my every day living.

I am now leaving THE CONCERNED FAMILY. But Guess what? I'm leaving with a stronger, healthier and more educated mind on ~~becom~~ ^{becom} becoming a better self-sufficient, ~~reliable~~ ^{reliable} ~~and patient~~ ^{and patient}. Another thing I know now how to be more patient. Now when you think about it, my son through my ~~teachings~~ ^{teachings} will be "All of the Above". Following my footsteps I know will make my son One Hell of a Bless-Black-Man and by this I Thank You, and I thank you from the bottom of my heart

God Bless You
Barbara Griffin
